

# Certificate of Fitness

Certifying Authority: \_\_\_\_\_

Installation Name: \_\_\_\_\_

Prescribed Installation/Type: \_\_\_\_\_

COF Applicant: \_\_\_\_\_

Address of COF Applicant: \_\_\_\_\_

Site or Region of Installation: \_\_\_\_\_

Expiration Date: \_\_\_\_\_ Certificate Number: \_\_\_\_\_

This Certificate is issued pursuant to subsection 28(1) of the *Canada–Newfoundland and Labrador Offshore Area Petroleum Operations Framework Regulations* and every limitation on the operation of the installation is detailed in a Schedule endorsed by the Certifying Authority and attached to this Certificate. The Certifying Authority will carry out the Scope of Work \_\_\_\_\_ approved by the Chief Safety Officer on \_\_\_\_\_.

The undersigned Certifying Authority, having carried out the approved Scope of Work, has determined that, in relation to the site or the region in which the prescribed installation is to be operated:

1. The installation, including its systems and equipment, is fit for the purposes for which it is to be used and can be operated safely without posing a threat to persons or the environment,
2. The requirements set out in Section 28 of the *Canada–Newfoundland and Labrador Offshore Area Petroleum Operations Framework Regulations* for a(an) \_\_\_\_\_ have been met.
3. The installation, including its systems and equipment, will continue to meet the requirements set out above and the Certifying Authority must carry out the Scope of Work in respect of which the Certificate of Fitness is issued.

\_\_\_\_\_ as the Certifying Authority certifies that:

1. The installation and associated equipment described above:
  - (a) is fit for the purposes for which it is to be used and may be operated safely without posing a threat to persons or to the environment in the location and for the time set out in the Certificate; and
  - (b) is in conformity with all of the requirements and conditions that are imposed pursuant to subsection 138(1) of the *Accord Acts* (Federal Version), whether they are imposed by regulation or by the Regulator.

## Certificate of Fitness

2. In the opinion of the Certifying Authority, the approved Scope of Work, including the Certification Plan \_\_\_\_\_ meets the requirements of Section 31 of the *Canada–Newfoundland and Labrador Offshore Area Petroleum Operations Framework Regulations*, and the Scope of Work, inspections, surveys, and reviews are sufficiently comprehensive to allow it to make the statements contained in this Certificate.

This Certificate will remain valid until \_\_\_\_\_, unless otherwise revoked by the Certifying Authority or by the Chief Safety Officer of the *Canada – Newfoundland and Labrador Offshore Energy Regulator*.
